OBJECTIVE

Aspiring full-stack/front end developer with a solid foundation in web development technologies, I am eager to contribute my skills in JavaScript, React.js, and responsive web development to a dynamic team. With a strong foundation in modern web development frameworks and a proactive approach to problem-solving, I am committed to delivering optimal solutions for complex projects. Seeking a challenging role as a Full Stack or Front-end Developer where I can apply my knowledge, collaborate effectively, and continue to grow in a fast-paced environment

EDUCATION

Bachelor of Computer Application, KLE's University 2022

SKILLS

Programming Languages	JavaScript
Web Development	HTML, CSS, React
Backend	Node.js, Express.js
Database	MongoDB, MySQL
Tools	Git, VS Code

CERTIFICATION

Full Stack Development, UpGrad ([View certificate](#)) 2022

EXPERIENCE

Full Stack Developer Intern Apr 2023 - Oct 2023
Taskmo Bengaluru, KA

- Developed and implemented a dynamic CRM dashboard, leveraging React.js to create responsive front-end components. Applied CSS libraries such as react-strap, Bootstrap, and Material-UI for consistent styling..
- Leveraged React.js to create dynamic and responsive front-end components, integrating CSS libraries (react-strap, Bootstrap, Material-UI) for a cohesive design.
- Integrated various API's for real-time data retrieval and updates, significantly amplifying dashboard functionality and data precision.
- Orchestrated global state management using Redux, enhancing user experience and facilitating seamless data flow within the application.
- Collaborated closely with UI/UX designers to meticulously translate design elements into the implementation.

PROJECTS

DRIPSNEAK - E-commerce Platform. Developed a responsive e-commerce platform using React.js, HTML, CSS, and Material-UI, ensuring seamless online shopping experiences. Implemented end-to-end user authentication to enhance website security and engagement. Engineered dynamic product listings with advanced filtering options for a personalized shopping journey. Integrated robust cart and Wish-list systems, optimizing user interaction and boosting conversion rates in a user-centric environment. ([Try it here](#))

Movie and TV Series Information Website. Designed and developed a web application with React.JS, Bootstrap, and Material-UI to showcase movie and TV series information along with trailers. Implemented a user-friendly search functionality for easy navigation to favorite movies and TV series. Leveraged API integration for efficient data retrieval and display. Ensured a responsive design, optimizing compatibility across various devices. Demonstrated proficiency in front-end technologies, including React.JS, Bootstrap, and Material-UI. Proficiently engaged in debugging and troubleshooting, addressing issues promptly to enhance application reliability. ([Try it here](#))
